

ACCESS TO THE DAD PLATFORM

ACCESS MODE

The platform operates in a web environment and can be accessed via the URL <https://dad.cv.uma.es>

Access can be made from any web browser.

PLATFORM USERS

The Doctoral Service will enable access for students who have completed their enrollment in the respective doctoral program. They will be able to access the platform once their enrolment is finalized

Other users (such as supervisors, tutors, coordinators, etc.) will also be granted access by the Doctoral Service at the appropriate time.

Members of thesis committees and evaluators will carry out their assigned tasks directly from the link sent to their email.

USERS WITH MULTIPLE ASSIGNED ROLES

Once a user logs into the platform, their assigned role will be displayed at the top of the interface.

If the user has multiple roles (e.g., tutor and thesis director), they can switch roles by selecting the dropdown menu located at the top.

Coordinator

Coordinator

Tutor

Supervisor

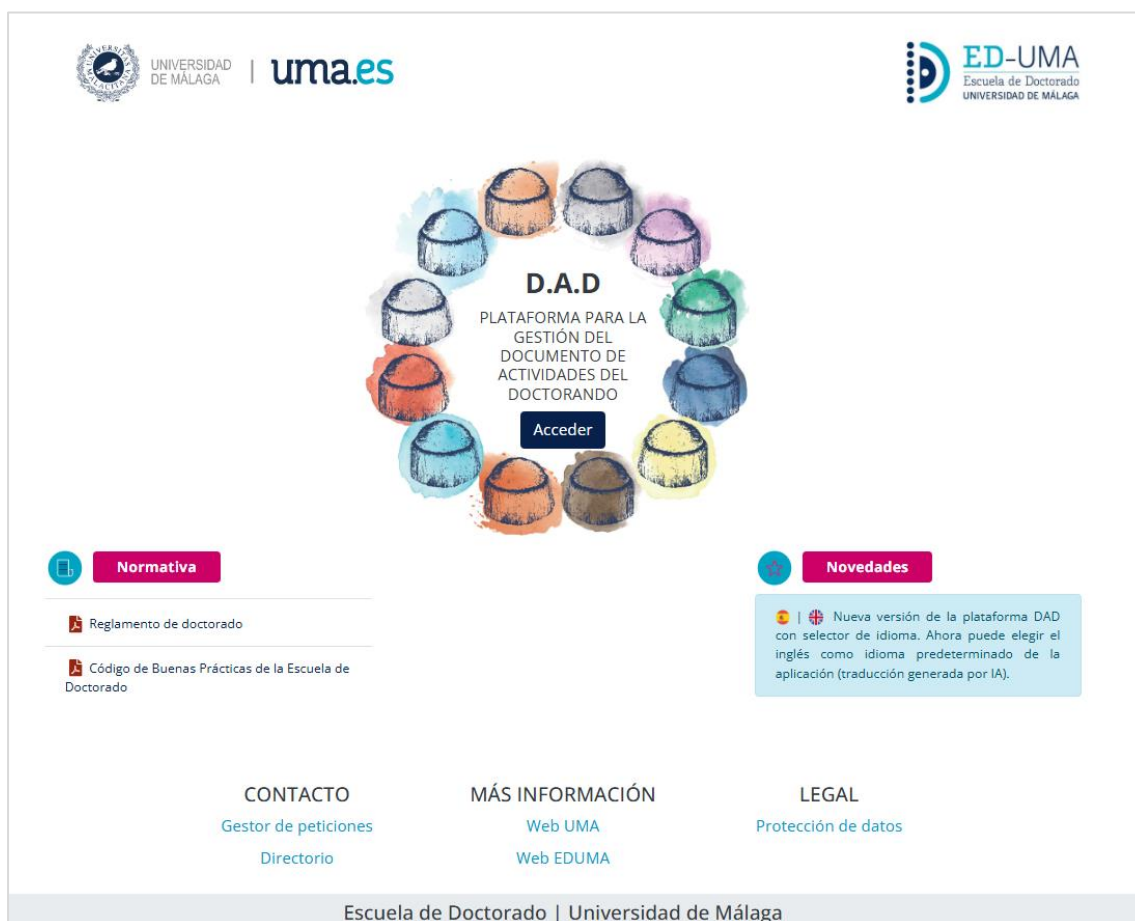

Academic and Quality Committee

Evaluation committee

IDENTIFICATION IN DAD

The platform is developed with a single-user strategy integrated with the University of Málaga Identity Service (IDUMA). Users must log in to the DAD application using the same credentials as their UMA email (username and established password).

When clicking on "Acceder" (Login), the application will redirect the user to the University of Málaga's Identity Service login page, where authentication is required.

Boulevard Louis Pasteur, 25. Campus de Teatinos. Málaga

Contact: Gestor de Peticiones <https://gp.uma.es/doctorado/>

The screenshot shows the 'iDUMA - Servicio de Identidad de la Universidad de Málaga' login interface. It features a central header with the university logo and title. Below this, the 'Autenticación centralizada' section is divided into two main areas. On the left, under 'IDENTIFICACIÓN DE USUARIO', there are input fields for 'Identificación' and 'Contraseña', followed by an 'ENTRAR' button. Below these are links for 'Soy usuario pero no puedo entrar' and 'Solicitar PIN UMA'. On the right, under 'OTROS MEDIOS DE AUTENTICACIÓN', there is a 'Certificado digital' option. At the bottom, a message states: 'Una vez que se haya autenticado no será necesario identificarse de nuevo para acceder a otros recursos. Para desconectarse, recomendamos que cierre su navegador (cerrando todas las ventanas).' and a link to 'Ver información importante de SEGURIDAD'.

ACCESS PROBLEMS

If you have trouble accessing the application, click on "I am a user but cannot log in". This link will take you to the DUMA (UMA Directory) account activation and access issue resolution page, where you will need to identify yourself. Once identified, you can proceed with the "I forgot my password" process.
