GUEST WIFI ACCESS TO CONGRESOS

In compliance with the new security regulations on data protection (GDPR) and to guarantee the security of the network at the University of Malaga, the connection to the wireless network for events and conferences requires individual identification of each assistant.

Therefore, the user must have a **mobile phone** to receive a text message (SMS) with a randomly generated unique password, although you can request your password from a computer.

Follow these steps to complete the connection:

- Connect your device to the **Congresos** network. This SSID does not require neither a special configuration of the device or password.
- Open an Internet browser on your device (computer, mobile, tablet, etc.), and try to open any web page (in certain systems the authentication window may show automatically. The browser will show this authentication

The image shows a web browser window displaying the login page for 'uma.es'. The page has a blue header with the text 'uma.es' in white. Below the header, the text 'Introduzca sus credenciales para acceder a la red inalámbrica de Congresos' is centered. The login form consists of two input fields: 'Teléfono/usuario:' and 'Contraseña:'. Below the 'Teléfono/usuario:' field, there is a note: 'Si es un teléfono, no olvide anteponer el prefijo, tal y como viene en el SMS.' Below the 'Contraseña:' field, there is a blue button labeled 'Entrar'. At the bottom of the form, there is a link that says '¿No dispone de usuario o ha olvidado la clave?' and a button labeled 'Nuevo registro'.

- If this is the first time that you connect to the **Congresos** ne-

work, you must click on **Nuevo registro**, and fill the following form with your personal data (Country prefix, Mobile phone number, Name, Surname and ID card or Passport number). Your data will only be used to provide you access to University or Malaga network, and will be available to law enforcer officials under request.

The image shows a registration form for 'uma.es'. At the top is a blue header with the text 'uma.es' in white. Below the header, a message in Spanish states: 'Desde aquí puede obtener por SMS una clave de acceso a la red inalámbrica de Congresos, tanto si ya estaba registrado como si no.' The form itself is enclosed in a light blue border and contains several input fields: 'Prefijo país:' with a dropdown menu showing 'Spain (+34)', 'Teléfono:', 'Nombre:', 'Apellidos:', and 'NIF/Pasaporte:'. Each of these fields has a corresponding white input box. Below the input fields is a blue button labeled 'Registrar'. At the bottom of the form, a small disclaimer in Spanish reads: 'Los datos de carácter personal proporcionados a través de este formulario serán incluidos en un fichero automatizado de datos, propiedad de la Universidad de Málaga, con la única finalidad de disponer de un registro de acceso y poder suministrar una clave mediante SMS.'

- Press **Registrar**, and you will receive a **SMS** with the generated password on your mobile phone. Sometimes, the SMS can take up to 5 minutes depending on the telephone carrier.
- Once you have the password, fill in the form with your mobile phone number and this password. Please, keep in mind that you must enter your mobile phone number with the country code. For example for Spain it would be 0034 600123456.

The image shows a web login page for 'uma.es'. At the top is a blue header with the text 'uma.es' in white. Below the header, the text 'Introduzca sus credenciales para acceder a la red inalámbrica de Congresos' is displayed. A green success message states: '✓ SMS enviado correctamente. Su usuario es 00346 [redacted] 1 y en el SMS tiene la contraseña para conectar.' with a close icon. The login form contains two input fields: 'Teléfono/usuario:' with the value '00346 [redacted] 1' and a note 'Si es un teléfono, no olvide anteponer el prefijo, tal y como viene en el SMS.', and 'Contraseña:' with a single character visible. A blue 'Entrar' button is below the fields. At the bottom, there is a link '¿No dispone de usuario o ha olvidado la clave?' and a 'Nuevo registro' button.
