

SEJONG UNIVERSITY

Exchange Program Information

Spring 2021

Please read the entire Guideline carefully and follow the checklist as provided.

For more details and information, please contact the Office of international Affairs (OIA)

Tel: +82-2-3408-3659, E-mail: exchange@sejong.ac.kr

Check list

- ✓ STEP 1: Fill out the online application form and submit all the materials required.
***An overseas health insurance plan must cover medical treatments and accidents during your stay in Korea.**
- ✓ STEP 2: Apply for a D-2 VISA at the Korean Embassy (Consulate) in your home country. You will be required to submit the Certificate of Admission & Business Registration Certificate from Sejong University. (Those will be sent to you via e-mail and express mail).

You may also be required to submit a Letter of Financial Sponsorship and other documents with your application as required by the embassy (consulate)
- ✓ STEP 3: Upon receiving a follow-up email regarding course registration from Sejong University, select the courses you wish to take and send your registration request to your regional coordinator.
***Courses become full very quickly, so the earlier you apply the better chance you will have registering the courses you wish to take.**

Course Offerings

Most of the courses provided at Sejong University (courses taught in English as well as regular courses taught in Korean) are open to exchange students.

1. All exchange students should work closely with their advisor from their home institution to ensure that the courses taken at Sejong University are approved for credit transfer.
2. Exchange students will be fully enrolled in each course they take and will be held to the same requirements and grading system as full time Sejong University students. Therefore, students are advised to select the appropriate level courses. Students may receive an official transcript from Sejong University upon the successful completion of their program. (The transcripts may be given to the students directly or send via e-mail or express mail.)
3. Course selection is done through a first come first served system through the online form provided to the students via e-mail. (Each course has a limit of 5 exchange students.)

Registration Guide

1. Course offerings Announcement

: Course offerings will be announced about a month prior to the beginning of each semester. (Late January for the spring semester, and late July for the fall semester.)

2. Course registration process

- A. Until previous semester, university will support the individual students to register their courses manually.
- B. The courses can be added through first-come-first-serve system as each courses only have five slots available for exchange students. Students will not be able to add courses if the slots in that specific course are full.
- C. Detailed information regarding Student's ID number, course list & course registration process will be informed one month prior to the commencement of each semester.

3. Course Registration

: Courses can be added or dropped during the "Course Registration Period" at the beginning of each semester by submitting the "Course Registration Form" in person by the due date.

4. Course Add & Drop Period

: Students may change their registered courses during the 'Course Add & Drop Period' which is usually on the 1st week from the beginning of each semester.

Courses to be taught in English for the Spring 2021 Semester.

Please refer to the attached spread sheet, "English Classes for spring 2020" and "English Classes for spring 2019" **for your reference only**. The Course Schedule for spring 2021 will be available about a month before a semester begins.

※Courses offered in English are subject to change every semester.

III.Pre-departure Information.

Finding your way to Sejong University.

1. Airport Bus

Bus Number: 6013

Fare: 10,000 KRW

The bus ticket can be purchased outside of the arrival gates. The bus departs from **platform No. 5 at terminal 1 and No. 31 at terminal 2 (refer to image)**. Inform the bus driver of your destination: Children's Grand Park / Sejong University

Terminal 1 Bus stop location (1Floor No. 5)

Terminal 2 Bus stop location (Transportation center Basement 1 No. 31)

2. Taxi:

A taxi-ride from the airport to Sejong University can cost between 80,000 KRW to 100,000 KRW.

3. Train/Subway

Although this could be an option, we do not recommend that students come to the campus using this option. It tends to be very confusing and time-consuming, especially to those who are new to South Korea.

Link to the subway map of Seoul: <http://www.seoulmetro.co.kr/en/cyberStation.do?menuidx=337>

Subway Station closest to Sejong University is **Children's Grand Park**.

**** Please note that students arriving earlier than the scheduled program date will not be allowed to move in early at the Sejong University International Students Dormitory. So please arrive on the designated date we provide you.**

Currency Exchange

The National currency of South Korea is called 'Won' (KRW). This is the only currency accepted in commercial transactions. We have found that currency exchange rates in South Korea tend to be lower than those outside of the country.

Banks with currency exchange desks are plentiful in Seoul; and Sejong University has a bank on campus where students are able to exchange their foreign currency into KRW. You need your passport and visa for all such transactions.

Personal Spending Money

We recommend that students have 500,000 to 700,000 KRW (approx 600 US dollars) available per month for personal expenses. In general, prices in Seoul are comparable to those in North America, Australia, and the U.K. Students will be responsible for all meal costs. International ATMs are available on the campus, but dispense only KRW.

Personal Computers

Students have the option of bringing their own personal computers, though they do so at their own risk of theft or damage due to travel. The electrical voltage in South Korea is 220, with a two-pronged plug; so, students should provide their own electrical adaptors.

The International Student Dormitory has Internet LAN line service available, though students must provide their own cord. Our campus is equipped with Wi-Fi service, but computers purchased outside of South Korea tend not to be able to log onto this system; therefore, we strongly recommend use of the LAN service with a cord.

Example of South Electrical Outlets & Plug

Mobile SIM cards

Free Wi-Fi is provided in all the buildings within the Sejong University campus. However, if you wish to purchase a SIM card, you can purchase them online beforehand and pick them up at the airport, or you can purchase them directly after you arrive at the airport.

1. Online purchase (pick up at airport terminal)

There's a variety of SIM card providers online. I have found a blogpost that might help you with purchasing the best pre-paid SIM card plan that suits your requirements. (Link to blog [CLICK HERE](#))

After you purchase your SIM card online, you can choose the pick-up point. (Terminal 1 or 2). Before you select the terminal number, please check which terminal you land. (Terminal 1 and 2 is far apart)

****Before you depart from your home country, make sure your mobile / smartphone is not country locked. (Smartphones purchased outside of Korea may be country locked, this can only be unlocked at the country of purchase)**

IV. VISA / Post-Arrival Information.

Student VISA (D-2)

- In order to study in South Korea, you will need a student visa (type: D-2), which must be obtained from the Korean Embassy or Consulate abroad.
- Sejong University will issue the Certificate of Admission, which is one of the required documents for visa application at the Korean Embassy or Consulate in your country.
- You will also need to present a valid passport, evidence of financial support and any other documents required by the embassy or consulate.
- **Student VISA must be applied in their home country**

(Please check with the Korean Embassy or Consulate in your country to determine what documents are required for D-2 visa application.)

Orientation

Orientation is held just before the start of each semester. The Center for International Students and Scholars offers housing services and a campus tour to help exchange students settle in and become familiar with important university locations. You will have an opportunity to get acquainted with the campus, as well as meet many of your future classmates and faculty.

After Arrival

➤ **Certificate of Alien Registration.**

Within 90 days of your arrival in South Korea, you must apply for a Certificate of Alien Registration at the Immigration Service Office.

The required documents include:

1. a certificate application form; passport
2. 2 photos (3x4cm, white background only)
3. application fee (30,000 KRW)
4. University-issued certificate of student status.

The foreigner ID card will be used under a variety of circumstances during your stay in South Korea. Many places with an age restriction will ask to see your foreigner ID card.

IMPORTANT: Applying for your foreigner ID card should be your first priority

* To apply for an alien registration card, medical check-up by the health care center and biometrics at the Immigration service office are mandatory procedures.

The Immigration Service Office (ISO)

- The Mok-dong office
- Tel: +82-2-2650-6212
- Located near the Omokyo Station of Subway Line 5

Student Identification Card

Students will be provided with a Sejong University student ID card early in the semester. This card will allow daily admittance into the university library, university computer rooms, as well as other Sejong University facilities. In order to get it, you must bring a photo (3x4cm).

V. Accommodation.

Living on Campus

- **All exchange students can be assigned to live in the International Student Dormitory** because of the length of their stay. It is very difficult to find short term, furnished housing options in South Korea. However, the dormitory is not compulsory. (If the students manage to get accommodation off campus, that is also okay)

- **There is no separate application for Dormitory.** Just check the dormitory box on the exchange program online application form. (If you don't require a dormitory leave it blank)

- In the International Student Dormitory (*the Gwang Gae To Building* on the 13th and 14th floor), students share a kitchen and a laundry room located on the same floor as their accommodation. Every student gets a bed, a desk, a dresser and some closet space. Items you will need to bring are linens, a pillow, bedspread, towels, clothes hangers, and seasonal clothing.

- All University accommodation facilities are drugs, alcohol and smoke free. (If you are caught with any of the stated items, your accommodation will be suspended.)
- Campus facilities:
1. The Global Lounge
 2. Convenience Store and Coffee Shop

3. University Library
4. Gunja Building Bookstore
5. Student Union Building
6. Athletics Field
