

Resilience - thriving through crisis

In Turku,
Finland
from 24th to
28th of April
2023.

Welcome to Turku, Finland!

By attending the Blended Intensive Programme, you will be able to...

- earn 5 ECTS
- improve your intercultural skills in international teams
- learn to collaborate and interact with fellow-students from Finland, France, Germany, Spain and Sweden
- learn how to survive and thrive in turmoil
- gain insight on leadership in change

Recently, companies have constantly been on the edge of a crisis. Surviving might be the focus for most, but for some, gaining competitive advantage through resilience may be the key to success. How do successful organizations turn change into new businesses? What is the concept and process of a resilient organization? What are the traits of a resilient individual? After this course you will understand the individual and organizational level of resilience and the recipe of success.

The Blended Intensive Programme “Resilience – thriving through crisis” is supported by funds for the new ERASMUS+ Blended Intensive Programmes (BIPs). Besides on-site learning, there will be a preparatory and a post-assignment online.

Resilience – thriving through crisis from 24th to 28th of April 2023.
