## A look at Modern architecture in Tunja. Work of the architect Ernesto Muñoz Navarro

**Friday, October 30  
1:30p.m. (GMT-5 Colombia)**

**Platform: YouTube  
Arquitectura Unicosta**

Modern architecture in Tunja has not been analyzed with the required depth, because of the high value of colonial architecture, which has diminished the importance of studying other times. This presentation, based on the research of the PAME group of the University of Boyacá, aims to show the importance of architecture produced in times other than the colony, such as the modernist work of the architect Ernesto Muñoz Navarro and its importance in the urban development of the city of Tunja.
