

RESOLUTION DATED 16th MARCH 2026 OF THE CONSORTIUM TRANSFRONTEU FOR THE SELECTION OF INCOMING STUDENTS AT THE CONSORTIUM MEMBER UNIVERSITIES WITHIN THE FRAMEWORK OF THE EUROPEAN PROGRAMME ERASMUS+ KA171 DURING THE ACADEMIC YEAR 2026-2027

This call for applications is published within the framework of Regulation (EU) 2021/817 of the European Parliament and of the Council of 20th May 2021, establishing "Erasmus+": the Union Programme for Education, Training, Youth and Sport.

The University of Málaga (hereinafter, UMA), the University of Cádiz (hereinafter, UCA) and the University of Huelva (hereinafter, UHU) have agreed to request the creation of an Erasmus+ Consortium for Higher Education under Key Action 171, because of their interest in promoting mobility at the international level. The UMA, as coordinator, has signed the Agreement for the creation and funding of the TransFrontEU Erasmus+ Mobility Consortium with the National Agency of the Spanish Service for the Internationalization of Education on September 5th, 2023.

The TransFrontEU Mobility Consortium, through the projects 2025-1-ES01-KA171-HED-000333710 and 2024-1-ES01-KA171-HED-000218561 funded by the European Commission, aims to contribute to the development of strategies to improve cross-border relations in the following work areas:

- Globalization/Interculturality
- Sustainable development -including technological transformation-
- Governance among Higher Education Institutions
- Equality/Inclusion

To this end, this Consortium agrees to initiate an administrative procedure for the mobility granting of incoming students from the Universities members of the Erasmus+ TransFrontEU Consortium.

I. PURPOSE AND APPLICABLE LEGAL FRAMEWORK

The purpose of this procedure is to establish the basis for the selection of undergraduate, Master and PhD students, from the Higher Education Institutions detailed in **Annex I** of this call, who, meeting the requirements, desire to engage in mobility experiences at Bachelor, Master, or Doctoral levels at any of the TransFrontEU Consortium members (UMA, UCA, UHU) within the Erasmus+ KA171 mobility program during the 2026-2027 academic year.

Since these are grants funded by the European Union, this procedure will be developed in accordance with the norms established by it, and by the national norms of development or transposition thereof, Spanish Law 38/2003 (November 17th) of General Subsidies, and failing that, by the provisions of the Spanish Law 39/2015 (October 1st) of the Common Administrative Procedure of Public Administrations and the TransFrontEU Grant Agreement signed with the Spanish National Agency for this project, and the rest of the current legislation that is applicable.

In accordance with the common bases of this call, each partner of the Consortium (UMA, UHU and UCA) will manage the selection procedure of its incoming students to cover the places offered by each institution. The specific details of these differentiated procedures -application and procedures of the required documentation, provisional lists of candidates and final lists of selected candidates, appeals,

submission of documentation before, during and after the mobility stays- are listed in **Annex II** of this call. This is subject to the approval of the candidate by these universities (UMA, UCA or UHU) and in line with the agreements previously signed, as well as the nomination process outlined in this call.

II. REQUIREMENTS TO PARTICIPATE

Interinstitutional Agreements

Before the mobility begins, an Interinstitutional Agreement between the Consortium and partner universities must be signed.

The vacancies available for the academic year 2026-2027 for Bachelor's, Master's, and PhD students are published in Annex I. The number of available placements may vary depending on the transfer of available places and vacancies in other countries within the same region, as well as the types of mobilities and funding allocated annually for Erasmus+ KA171.

All partner institutions will annually announce their own call with their specific selection process for students.

Mobilities outlined in this call must take place before 31st July 2027.

Eligibility

To participate in this process, applicants must meet the following requirements by the end of the application submission period:

All incoming grants during the validity period must align with the Interinstitutional Agreement previously signed with partner institutions, whose vacancies have been included in Annex I.

Applicants must have an appropriate level of proficiency in the language of instruction (specific requirements can be found in the Interinstitutional Agreements). Each university will ensure that its candidates meet the language requirements necessary to benefit from the mobility period.

Specific requirements for student eligibility include:

Applicants must be enrolled in a recognized Bachelor's, Master's, or Doctoral degree program at the same level of studies for which they are applying, at one of the Consortium's partner universities at the time of application and throughout the mobility period.

Applicants must be nominated by their home institution.

Each student may participate in mobility periods totalling up to a maximum of 12 months per cycle of study, regardless of the number and type of mobility activities.

PhD and Master applicants must obtain prior written approval from the Master or PhD coordinator of the host university of the Consortium.

All applicants must submit a Learning Agreement that is duly signed by all parties (the candidate, the sending institution, and the receiving institution). No nomination will be accepted without the corresponding supporting documentation.

PhD's applicants must submit the Abstract of the PhD research duly signed by all parties (the candidate, the sending institution, and the receiving institution).

Mobilities and grants will be subject to the regulations and restrictions issued by the authorities regarding the health situation and the continuity of exchange programs. Acceptance will also be contingent upon approval by the host Department/Faculty.

Prior acceptance procedure for a place offered

The nomination does not guarantee the awarding of grants, as it is contingent upon available funding and the pre-selection and final admission of the students, as published in the Resolution.

III. APPLICATION PROCEDURE

Selection procedure by the home university

The participant must be nominated by the Home University and selected by the Consortium university that will process his/her admission. The entire pre-selection process (call) at the home university will adhere to criteria of transparency and equal opportunities for all applicants. Specific pre-selection criteria will be developed and published on the websites and social media platforms of each home university and the link of its publication will be sent to the Consortium host institution. These criteria will be disseminated, to the extent possible, through local and regional media channels.

Procedure for nominating participants from partner universities to the Consortium members (UMA, UCA, UHU)

The procedure for nominating students at UMA, UCA and UHU will be different as detailed in Annex II.

The partner universities may nominate a maximum number of students as stipulated in their Interinstitutional Agreement (IIA). However, the nomination of candidates does not guarantee the awarding of a scholarship. The granting of scholarships is contingent upon meeting the specified requirements, providing supporting documents, availability of funding, and the pre-selection and final admission of the student.

Additionally, partner universities have the option to establish a reserve list of students in the "Letter of Nomination and Absence of Conflict of Interest" document. If all places are not filled, Consortium universities will proceed to evaluate the reserve list of each university.

The **documents required to nominate** are stated in Annex II.

Inclusion

Candidates from disadvantaged backgrounds, with special needs, or disabilities are encouraged to apply. They may receive additional funding according to EU regulations to cover costs directly related to their participation in the mobility.

If the Home University nominates candidates with a disadvantaged profile, they should send an email to the Consortium institutional coordinator (UMA, UCA or UHU) with information and supporting documents and certificates that justify the student's health problems (physical, mental, intellectual, or sensory impairments, and chronic diseases which prevent participation in mobility) or disabilities.

Additional funding to cover costs directly related to their participation in the mobility can be obtained and is conditionally approved by the Spanish National Agency. The request for additional financial support should be made separately from the application form. Partner institutions should duly justify the disability through the selection process.

The selection process will evaluate the applicants and will prioritise candidates according to the established criteria and budgetary availability.

IV. DURATION AND FINANCIAL AID

Period of Stay

The duration of the stay for students will be a minimum of 2 months and a maximum of 5 months. Exceptions allowing for a shorter or longer period must be duly justified and authorized by the corresponding Vice-Rectorate (UMA, UCA and UHU). Failure to obtain such authorization will require the candidate to return the entire grant.

During their stay, PhD students are expected to conduct research towards their doctoral thesis.

Finance

The mobility grant for students includes a travel allowance and a monthly subsistence allowance based on the flat rates determined by the Erasmus+ KA 171 Programme.

It's important to note that the grant is intended to cover a portion of the mobility costs, not the entire amount.

Selected participants are responsible for covering their own expenses when arranging their stay, such as visa fees, insurance (except UCA's students), flights, and accommodation, as the mobility grant will only be disbursed once the stay commences.

It's highly recommended to make bookings (flights, accommodation, etc.) with conditions that allow for reimbursement in case of travel cancellation.

The funds for mobility grants in this Call are provided by the European Commission and managed by the Spanish Service for the Internationalization of Education (SEPIE).

The financial aid is included in Annex I.

"Zero grant"

If the number of applications exceeds the number of grant places assigned to each country, or if there are no places available for the requested mobility, participants who have not been awarded a grant can apply for a "Zero Grant".

Participants with a "Zero Grant" will have the same rights and obligations as participants with a full grant but will not receive Erasmus+ funding (neither individual support nor travel support).

V. SELECTION CRITERIA

Grants will be awarded on a competitive basis, following the assessment of applications by the home institution. The Home University will provide a list of pre-selected candidates based on the criteria outlined in the internal call of the Home University. Home institutions must determine the project where their students will be nominated. Priority will be given to the spots available of the project 2024. After completing these spots (if any), 2025 project available will be offered.

For the Evaluation Committee of the Vice-Rectorate for Internationalisation at the Consortium host university to assess the suitability of the profile of the students nominated, we recommend the following scale criteria. These criteria align with the principles of transparency, inclusion, and equal opportunities for applicants, as established in the Interinstitutional Agreement previously signed, and EU recommendations.
