Start of the Winter Term on Campus

Despite the COVID-19 crisis, 20 exchange students have arrived at Kiel UAS. They come from China, France, Lithuania, Morocco, Spain, Switzerland and Turkey. Our buddies are assisting them with settling in and getting started with their exchange studies. Teaching will be face-to-face (mostly labs and projects), blended or fully online. Depending on the situation, the mode of instruction can change.

Call for Visiting Professors from European Partner Universities

Kiel UAS has issued a call for visiting professors from European partner universities to strengthen the cooperation between our institutions. As of the summer term 2021, visiting professors can join one of our six faculties for one or two full 20-week academic terms.

Visiting professors must hold a PhD, have five years of working experience and teach in English. The weekly teaching load is 18 hours.

We would appreciate if you share this call amongst your academic faculty members.

Best wishes from Kiel UAS International Office! Stay safe and healthy.
