

OFERTA DE BECA

Empresa: **CLUE Archivo**

Puesto ofertado: Program Internship – Hardware Electronics

Datos de la Empresa:

Clue is a new kind of development lab based in Andalucía, Spain.

We research, design and produce high end electronic systems for aviation and aerospace. Our mission is to create simple solutions to big problems.

We believe that technology has the power to change the world for the better. We believe that innovation comes from passion, curiosity and imagination. We believe in working closely together, across disciplines and generations.

We are looking for talented engineers who want to start shaping tomorrow's technologies today.

Join the team and help create the best working environment to inspire creative thinking and productive collaboration.
