

Hybrid Summer School Viadrinum 2021
16 – 29 August 2021, Frankfurt (Oder)/Online

Transsectoral DigitalLab: (Dis-)Assembling the (Post-)Digital Social

Viadrinum is an annual summer school devoted to the countries of the Eastern Partnership, and the larger context of Central and Eastern Europe. This year's edition is designed as a transsectoral DigitalLab, aiming to explore social and political dimensions of digitalisation from multiple theoretical and methodological angles. With the help of academic seminars the school will allow its participants to critically engage with the notions of the digital self and the (post-)digital social, datafication and algorithmisation of life, as well as digital infrastructures and smart technologies.

The participants will also be able to develop their own projects in one of the Lab.Workshops (Art, Doc, Research). Besides that, there will be round tables with researchers from the Center for East European and International Studies (ZOiS, Berlin), artistic contributions, a film screening, public events, and an Open Space session.

Students, PhD candidates, young NGO activists and artists (up to 35 years of age) from all fields are invited to apply.
