TERMS AND CONDITIONS [TC]

ties	above are in agreement with the following:
ues a	
	The grant holder declares that he/she accepts the grant awarded within the context of the Erasmus Mundus programme, which information is summarized above.
	The grant holder declares that he/she commits to spend the full grant period at the host HEI, carrying out the activities specified in his/her work plan (submitted at the application stage) and revised and agreed by all parties involved in the GHLA.
	The grant holder declares that he/she has read and understood in full this document and that he/she agrees to all the terms and conditions laid down in this contract.
	The grant holder declares that he/she commits to consult with the coordinating HEI, the home HEI, the host HEI, the travel agency, the insurance company, and/or with any other party involved in this programme (as necessary) any doubt that may arise at any time before, during and after the grant period. It is essential that all grantees have a full understanding on their rights and obligations as well as on all the procedures, activities, documents, deadlines, etc. which are integral part of this programme and necessary for its correct functioning and smooth running. Should a grantee have any doubt/enquiry regarding any aspect of this programme, the grantee should contact immediately any party involved so that the doubt(s)/enquiry (ies) is (are) solved. All parties (the coordinating HEI, the home HEI, the host HEI, the travel agency, the insurance company, the grantees, and/or with any other party involved in this programme) shall provide all the necessary information to all other parties as necessary and keep all parties informed and updated at all times as for any relevant information that may affect such party/ies).
	The grant holder declares that he/she meets all the necessary conditions specified on the "Eligibility Criteria (general)" section.
	The grant holder declares that he/she meets all the necessary conditions specified on the "Individual Mobility" section.
	The grant holder declares that he/she meets all the necessary conditions specified on the "Eligibility Criteria (specific)" section.
	The grant holder declares that he/she agrees to all the conditions specified on the "Data Protection Policy" section.
	The grant holder declares that all the information provided by him/her to the partnership, the coordinating HEI, the home HEI, the host HEI, the travel agency, the insurance company, and to any other party involved in this programme is true, complete and correct. The grant holder declares that he/she understands that should it be detected that the information provided by him/her at any time to any party involved in this programme is false, incomplete and/or incorrect, either as a consequence of misunderstanding any term/condition, by negligence, and/or as consequence of not acting in good faith, the coordinating HEI shall investigate the matter until it is fully clarified. Should it be demonstrated that the grantee is deemed liable for violating (intentionally or not) any of the terms and conditions laid down in this contract (which are contractual obligations), the coordinating HEI may apply a deduction (penalty) on the total grant to be granted (upon consultation with the EACEA) and even terminate this contract, report immediately to the EACEA and request the grantee the reimbursement of the total amount received so far.

TC.02. Mutual Obligations

Grant sums and payment

- The coordinating HEI, on behalf of the entire partnership, shall pay all the grant holders their corresponding grants, as follows. Unless otherwise stipulated, all expenses (as detailed below) shall be paid directly by the coordinating HEI to the corresponding third party (partner HEI, travel agency, insurance company, etc.). Under no circumstances shall grantees pay any amount for any of theses concepts.
 - Travel expenses: from home HEI (TG1) / home (TG2) to host HEI and return (roundtrip). The maximum amount to be covered by the programme shall be in line with the actual distance between the "origin" and the "destination", which definition varies with each target group (TG) (see the table below for detailed information). Distances shall be calculated for direct/linear distance ("as the crow flies") according to the information available at www.mapcrow.info. Thus, there may be differences on the maximum coverage for each grantee. Grantees shall be informed of the maximum coverage (maximum amount) applicable to their case. Grantees shall not pay any amount as for travel expenses. Grantees shall not

book/purchase their plane tickets with any other travel agency as that indicated by the coordinating HEI. All plane tickets shall be booked and purchased with one sole travel agency indicated by the coordinating HEI. All plane tickets shall be paid directly by the coordinating HEI to the travel agency. Should it be the case that the total amount for a grantee's (roundtrip) plane tickets exceeds the maximum amount applicable, the grantee shall be responsible for paying such an excess (e.g. if the maximum amount for a grantee is of $2,000 \in$ and the total amount for his/her roundtrip plane tickets is of $2,150 \in$, the programme would cover $2,000 \in$ and the grantee would cover $150 \in$. In cases like this when the actual expenses incurred by a grantee overpasses the maximum sum allocated by the programme, the "deduction policy" (see detailed information on the "Deduction Policy" section below) would be applicable. Grantees are advised to promptly arrange their travel plan with the travel agency and confirm their acceptance to the coordinating HEI. Also, choosing correctly the dates for the flights may decrease significantly the total travel expense (e.g. avoiding travelling on vacation periods such as Christmas, summer holidays, etc., when the prices may be considerably higher). By doing so, grantees may obtain more convenient prices and maximize the chances that they do not exceed the established limit.

Insurance (health and accident): for the entire grant period.

Monthly subsistence allowance: for the entire grant period.

- Master: 1,000€/month.
 Doctorate: 1,500€/month.
 Post-doc: 1,800€/month.
 Staff: 2,500€/month.
- Participation costs: enrolment fee, lab. fee, ID card fee, library fee, etc. incurred at the host HEI max. 3000€), as detailed in Annex-1 of the Application Form, as follows:

☐ Master: max. 3,000€ -- [for grants with a duration of at least 10 months only].

Doctorate: max. 3,000€ -- [for grants with a duration of at least 10 months only].

Post-doc: not applicable.

Staff: not applicable.

Grant payments shall be made according to the provisions established in the EM Programme Guide [EM-PG], the Grant Agreement [GA] and the Memorandum of Understanding [MoU].

Bank Account

- For efficiency purposes and reduced commissions in bank transfers, the payment of subsistence allowance shall be done as follows:
- For EU grantees hosted by a TC HEI: at a bank account in the home country (in EU).
- For TC grantees hosted by a EU HEI: at a bank account in the host country (in EU). All grantees shall open a bank account at the host country.
- Regardless of the applicable commission/s (if any), grantees shall receive the full amount as aforementioned. Should there be any commission/s applicable to bank transfers; those shall be covered by general OM funds.
- For efficiency purposes, the coordinating HEI may require all bank accounts to be opened at a specific bank (all grantees shall be informed on this before arrival at their corresponding host HEIs). Should it be the case that the designated bank does not have delegations in all the involved host countries, the coordinating HEI may designate specific banks for grantees which host HEIs are located in those countries, following the recommendations and suggestions made by the partner HEIs located in each of those countries. The decision of the designated bank(s) shall be made taking into account a number of aspects (e.g. most convenient conditions for grantees, low commissions, geographical coverage, number and location of offices, availability, etc.).

Grantees are advised to open a bank account at the designated bank as soon as possible upon their arrival at the host country. The bank account may be opened even before arriving at the host HEI (e.g. if the grantee arrives at the host country a few days before the official date in which the grant period begins for travelling purposes, etc.). If so requested, the host HEI shall provide assistance to the grantees regarding the procedure for opening a bank account at the designated bank. In order to facilitate the process, host HEIs may make arrangements with the bank for this purpose (e.g. establishing a contact person at the nearest bank office, etc.). Once the bank account is opened, the grantee shall fill in the GHBAI and send it to the coordinating HEI. It is in the grantees' best interest to send the GHBAI to the coordinating HEI as soon as possible in order to accelerate the first monthly subsistence allowance payment which is especially relevant for grantees to be capable of successfully facing the initial expenses at the host country (e.g. housing deposit and initial rent, etc.). Upon reception of the GHBAI at the coordinating HEI, this information is immediately facilitated to its Accounting Unit, which in terms, checks out and registers all the information into its database before the payment order may be sent to UNICAJA bank (bank in which the programme account is held) which in turn processes the payment order to the beneficiary's (grantee) bank account at the designated bank. The entire process for the initial payment may take approximately up to 10-15 working days until the grantee actually detects the payment in his/her bank account. For this reason, grantees are advised to make provisions to guarantee they can face the initial expenses during this period. Upon finalization of the grant period, all grantees should clear up and cancel their bank accounts at the designated bank before departure. No bank account should be left uncancelled.

Grant payment modalities

Subsistence allowance: bank transfer(s) to grant holder's bank account, on a regular basis in one of the following modalities, as indicated:

ID	Payment modality	Applicable
PM-01	1 single payment per month	v [*1]
PM-02	1 double payment per 2-months period	v [*2]
PM-03	1 triple payment per 3-months period	n/a

[*1]: REGULAR: typically, grant payments shall be done as "single" payments on a monthly basis.

HOWEVER:

[*2]: EXCEPTIONAL: whenever necessary because of vacation periods (e.g. summer vacations, Christmas vacations, Eastern vacations, etc.), national holidays, or other factors impeding that a regular payment can be processed (e.g. because the coordinating HEI is closed on the dates when the payment is expected to be processed), grant payments shall be done as "double" payments in the month prior to that when the so-said circumstance takes place (e.g. the delivery of a double payment on 1st December for December and January combined, since on 1st January the coordinating HEI is closed).

As for the 1st grant payment, typically, the amount shall be that of:

- A "double" payment [x2 single payment] in case the arrival date at the host HEI is between the 15 first days of the month [day-1 to day-15]. In this case, there will be no last payment (since the last payment is included in full in the first payment).
- A "proportional" payment [x1.5 single payment] in case the arrival date at the host HEI is between the 15 last days of the month [day-16 to end of the month]. In this case, there will be a last payment corresponding to x0.5 single payment (which complements the x0.5 single extra payment added to the first payment).

In either case, as a result, balance is achieved and the grant holder receives the total grant amount in full over the grant period.

No grant payments shall be done to the grant holder until the GHCONFA (duly filled in, dated, signed and stamped) is sent by the host HEI (Academic Coordinator or Administrative Coordinator) to the coordinating HEI by email as an official arrival confirmation.

A first payment instalment shall be done as soon as possible at the beginning of the grant period, and the remaining payments

With the support of the Erasmus Mundus programme of the European Union

(if applicable) shall be done on a regular basis as follows (the following table is for illustrative purposes only):

Grant type	Grant duration [months]	0 1	0 2	0 3	0 4	0 5	0 6	0 7	0 8	Gra 0 9	nt m 1 0	onth 1 1	· [*]	1 9	2 0	2 1	•	2 9	3 0	3 2

[*] 01 indicate	es the month	in w	hich	the a	rant	start	s (da	ate (h	egin	ning	<u>۱</u> .									

[*] 01 indicates the month in which the grant starts (date (beginning));

The coordinating HEI shall send the "grant payments schedule" to the grant holder at the beginning of the grant period so that the grant holder knows in advance the dates when all grant payments shall be done (dates are APPROXIMATIONS; the actual date for each payment falls typically within the first 2-5 days of the corresponding month; however, the actual date when the grant holder receives the amount in his/her bank account depends on a number of external factors; e.g. sending bank, receiving bank, etc. and may vary slightly between months).

Grant holders are the sole responsible for doing a sound economic planning so that they can face living expenses during the entire grant period according to the aforementioned payments timing. Under no circumstance shall the payments timing be altered.

- Participation costs: enrolment fee, lab. fee, ID card fee, library fee, etc. in the same conditions as for local students shall be covered by the programme. Under no circumstances shall grantees be charged with participation fees by the host HEI with the sole exception of fees not covered by the programme and commonly charged to local students for the same concepts. The host HEI shall send all the <u>original</u> invoices to the coordinating HEI. Invoices should clearly specify the individual amounts associated to each concept. If necessary, the coordinating HEI may require the host HEI additional supporting documents (e.g. official document indicating the academic fees, etc.) as they may be required for audit purposes. Once the invoices (and supporting documents, if necessary) are received, revised and approved at the coordinating HEI, a bank transfer shall be made by the coordinating HEI to the host HEI for the total amount(s). Bank transfers may be done individually (i.e. one bank transfer per grantee) or combined (i.e. one single bank transfer for the total amount for all grantees altogether). The later option is recommended since the bank commissions (if any) may be more favourable. For efficiency purposes, host HEIs are advised to claim the reimbursement of the participation costs of all its hosted grantees combined on a yearly basis. The expenses derived from participating in programme events (e.g. seminars, workshops, etc.) organized by the partnership and for which grantees' attendance is mandatory, shall be covered as "participation costs" should it be possible and based on available leftovers. Should this not be the case, grantees shall pay the attendance expenses themselves. Host HEIs are advised to take this into consideration since all expenses under this category shall be deducted from the maximum amount allocated or each grantee.
- Insurance policy (health and accident): expenses shall be paid by the coordinating HEI to the insurance company. An initial payment shall be done based on the expected mobility scheme (number and duration of mobility flows). At the end of the programme and before the end of the eligibility period, the coordinating HEI and the insurance company shall make a payment balance based on the actual mobility scheme implemented.
- Travel / visa expenses: travel expenses shall be paid by the coordinating HEI to the travel agency. Visa, residence permit and additional travel expenses (other than plane tickets), such as train, long-distance bus tickets, etc. between the grant holder's hometown and the city of the airport from which the grant holder shall be departing in the country of origin, and/or, between the city of arrival at the destination country and the city of the host university, shall be paid by the grant holder; these expenses shall be reimbursed upon reception at UMA of the GHECF along with the corresponding original invoices, via a bank transfer to the grant holder's bank account. Any other additional travel expenses (including taxis, metropolitan buses, or any other of metropolitan coverage needed to arrive at the airport from the grant holder's home, university, etc. either in the country of origin or destination) shall not be covered by the Programme. <u>Original</u> boarding passes / train tickets shall be sent to the coord. HEI (upon arrival at the host HEI) and upon arrival back in the home country (after the grant period). Grantees are advised to keep their original boarding passes in a safe place at all times before sending them to the coord. HEI. Should the original boarding passes not be received at the coordinating HEI, the grantee may be required to refund the entire incurred travel expenses. Original boarding passes may be required to the coord HEI for audit purposes.

Grant total or partial refund

✓ Should the grantee fail to go abroad for any reason, an investigation shall be initiated by the coordinating HEI in order to clarify the circumstances and facts behind the matter. The grantee may be required to reimburse the total amount corresponding to the plane ticket(s) if already booked and purchased by the programme.

√

GRANT HOLDER'S AGREEMENT [GHA]

Should the actual grant period be shorter than planned (and agreed), the grantee shall be deducted the proportional part of the grant amount corresponding to the differential period. As for the monthly subsistence allowance, payments shall be made according the following criteria.

Programme Events

- ✓ The partnership may organize programme events (seminars, congresses, conferences, workshops, symposiums, etc.) which may be of mandatory attendance for grantees.
- All parties shall be informed on due time regarding scheduled programme events, including detailed information about the event (date, time, modality, place, agenda, etc.).
- ✓ Promotion means may include: programme web site, email distribution list(s), social networks, etc.
- Programme events should not be confused with other types of events (seminars, congresses, conferences, workshops, symposiums, etc.) organized by third parties (external to the partnership) or by any partner HEI(s) unilaterally, which attendance is optional (not mandatory) for (all) grantees.
- ✓ Programme events may be virtual (online) or face-to-face.
- Programme events registration fee(s) (if any) shall be covered out of the participation cost available for each grantee for longduration grants, if possible and depending on availability. As for short-duration grants, a fee-waiver policy shall be applied.
 Under no circumstances shall grantees be charged with any fee for participating in programme events.
- All registration fees and/or expenses derived from the participation in external events (seminars, congresses, conferences, workshops, symposiums, etc.) shall not be covered by the programme (i.e. these shall be covered by grantees themselves

Academic quality and performance control

and/or by external funding sources).

- All grant holders (regardless the type of grant) are assigned an academic tutor/supervisor at the host HEI (THI).
- The THI is responsible for monitoring the academic/work progress of the grant holder achieved/developed at the host HEI.
- \checkmark The THI is responsible for reporting to the academic coordinator at the host HEI (ACHI).
- ✓ The ACHI is responsible for reporting up to the programme academic coordinator at the coordinating HEI (ACCI).

With the support of the Erasmus Mundus programme of the European Union

- If needed, the ACCI together with the ACHI and the ACOI (and possibly the THI) shall take any action to correct any possible mismatch between the grant holder's expected and actual performance, ensuring that the grant holder meets a minimum of academic/work performance, as established and agreed in the GHA and GHLA.
- Should it be the case that the grant holder fails at meeting the expected performance (as agreed), he/she may be required to reimburse the grant amount received so far (partially or in full) after carefully considering the case and consensus is reached by the ACCI, ACHI, ACOI, and THI. In the event that no consensus is reached, the ACCI shall be responsible for making the final decision.

Recognition mechanisms

- All partner HEIs agree to (and shall) recognize the academic/administrative activities (B.Sc. courses, M.Sc. courses, Ph.D. courses, research, seminars, workshops, conferences, congresses, symposiums, publications, studies, interviews, etc.) carried out by their grantees at any other partner HEI (host HEI).
- All activities developed at hosts HEIs shall be registered, accounted for and awarded. The specific award modality shall depend on the type of grant and the type of activity. The following table summarizes the awarded accreditations for each type of grant.

- GHAR: Grant Holder's Activity Report (signed and stamped in original)
- GHCD-C: Grant Holder's Certificate/Diploma (Certificate)
 To be issued by the coordinating HEI.
 PhD-Full grantees do not receive the GHCD-D until the end of their grants, upon Ph.D. thesis defence. In order to provide official accredited evidence of all the activities developed along the 1st and 2nd academic years of study, a GHCD-C is issued instead as a temporary GHCD-D.
 GHCD-D: Grant Holder's Certificate/Diploma
- GHCD-D: Grant Holder's Certificate/Diploma (Diploma)
- To be issued by the coordinating HEI. B-TR: Bachelor's Transcript of Records To be issued by the host HEI.
- B-D: Bachelor's Degree (Bachelor's Diploma) To be issued by the host HEI.
- M-TR: Master's Transcript of Records
- To be issued by the host HEI. M-D: Master's Degree (Master's Diploma)
- To be issued by the host HEI. PhD-D: Ph.D. Degree (Ph.D. Diploma)
- To be issued by the host HEI.PhD-DD: Ph.D. Double [Dual] Degree (Diploma)
- To be issued jointly by the home HEI and host HEI. PhD-JD: Ph.D. Joint Degree (Diploma)
- To be issued jointly by the home HEI and host HEI. GHICE: Grant Holder's Internship Certificate
- To be issued by the hosting organization.

V: awarded

- X: not awarded ?: PhD-Full / PhI
- PhD-Full / PhD-Sandwich grantees may gain M-TR if they enrol officially in Masters-level courses at the host institution. Despite the fact that a Master's degree is a requirement for all applicants (at the initial application process) some grantees may be interested in taking some Master-level courses at the host institution which may serve as a welcome addition to those already taken in the master pursed at the home institution. In some other cases the grantee may be required to take a (limited) number of Masters courses if the Academic Committee at the host institution considers that the Master pursued at the home institution does not meet all the academic requirements enforced by the Ph.D. regulations at the corresponding host institution.
- V* PhD-Sandwich grantees may gain PhD-DD / PhD-JD for mobilities of 10+ months, if arranged so by both the home and host HEIs. The PhD thesis is to be defended only in one of the 2 HEIs.Representatives of both HEIs must be present.
- V** Only applicable to candidates pursuing an internship period at one of the programme hosting organizations (companies, research institutes, etc.)

Monitoring mechanisms to ensure that the agreed recognition mechanisms are applied

- ✓ Upon finalization of each individual grant, the coordinating HEI shall contact the grantee and the home HEI in order to monitor the recognition process and ensure that the home HEI actually adheres to its commitment. If necessary, all the parties involved (grantee, academic coordinator at both the home and host HEI, tutors/supervisors at both the home and host HEI, etc.) may be consulted on this regard.
- The home HEI is committed to recognize the activities described in the (agreed) GHLA. There is no obligation for the home HEI to recognize any activity other than those specified in the GHLA. It is up to the home HEI to make an internal decision on whether or not such activities (not contemplated in the GHLA) shall or not be recognized.
- ✓ Should it be the case that the home HEI fails at recognizing the activities carried out by the grantee at the host HEI, an investigation shall be initiated by the coordinating HEI. If necessary, the facts shall be reported to the EACEA.

Institutional Services (General Services)

The following table summarizes the services provided by each partner HEI (both EU-HEIS and TC-HEIs if applicable). Grantees are advised to carefully revise what specific services are provided at the host HEI of their choice. All partner HEIs commit on offering a "core" of basic common services. However, there may be differences on other services.

Institutional Services (Specific Services)

- Services provided by all partners to the incoming students and staff i.e. visa, payment arrangements, housing, tutoring, language support, etc.
 - Monitoring: group and individual advice, monitoring, and follow-up.
 - Periodical sending of emails with the latest news regarding the Programme.
 - Official Credential: issue and sending of individual credentials.
 - Health & Accident Insurance: management, contract and sending of individual insurance policies.
 - Tutor: assignation of an academic tutor at the host institution.
 - Housing: assistance along the process of arranging housing for the grant period.
 - Information regarding on-campus housing.
 - Orientation on off-campus housing (adds, documents, deposit, etc.).
 - Visa: assistance with the visa procedures and necessary documentation.
 - Travel: assistance with the booking process (all plane tickets managed in a centralized way, through a unique travel
 agency). Payment is automatically managed by the UMA and transparent to the grant holder.
 - Accompanying relatives: assistance with family accompanying relatives (visa, insurance, travel, etc.). Assistance shall be limited to providing relevant information in order to facilitate the administrative processes to grant holder's. However, all administrative tasks and requirements are to be carried out and fulfilled by the grant holder himself/herself.
 - Orientation: at host university (campus tour, explanation of campus facilities and services, etc.).
 - Language courses.
 - Payment of the grant: bank transfers done regularly to the grant holder's bank account (in order to facilitate the
 payment, it is recommended to open a bank account in a bank at the destination country).

With the support of the Erasmus Mundus programme of the European Union

Travel Agency

- All plane tickets shall be booked and purchased on a centralized fashion with one single travel agency.
- Grantees shall be contacted by the travel agency by email (grantees' emails shall be provided by the coordinating HEI) in order to proceed with the booking of the plane tickets. The travel agency shall make a travel offer (flight plan) to each of the grantees, according to the corresponding grant period start and end dates ("date-1" and "date-2"). Flight offers shall follow the principles of economy (tourist class, shorter path, etc.). With the exception of long-duration grants (+12 months), all flights shall be booked and purchased jointly (i.e. roundtrip). As for long-duration grants (+12 months), the return plane ticket shall be booked and purchased at a later stage (not earlier than 12 months by the actual date of the flight).
- ✓ The actual dates of the flights may be (but not necessarily) the same as "date-1" and "date-2". The date of flight-1 must be prior to date-1, and the he date of flight-2 must be after date-2, so that the entire grant period is fully respected. Allocating a few days (before "date-1" and/or after "date-2") e.g. for travelling purposes is allowed, on condition that the visa expiration date allows to do so. All grantees shall return to their countries of origin before the expiration of their visa. Grantees are advised to observe the applicable immigration policy at all times. Grantees shall explicitly confirm their acceptance of the travel offer (flight plan) by email to the coordinating institution.
- IMPORTANT Grantees are advised to carefully revise the flight plan (including the terms and conditions) before accepting it. Once accepted, the plane tickets shall be issued by the travel agency, the grantee shall be notified, and no changes shall be made to the flight plan. The expenses derived from any modification(s) made to the contracted flight plan, shall be covered by the grantee himself/herself (i.e. not covered by the programme).
- ✓ In the event of unexpected force majeure events that impede the flight (adverse atmospheric conditions, strikes, etc.) neither the partnership nor the travel agency shall be deemed responsible. Both the coordinating institution (on behalf of the entire partnership) and the travel agency shall articulate all the means necessary and available as to assist the grantee(s) concerned at all times during the entire travel period. Should the flight be cancelled, the airline(s) involved shall offer alternative flight(s) at no additional cost, according the applicable national/international regulation.

Insurance Company

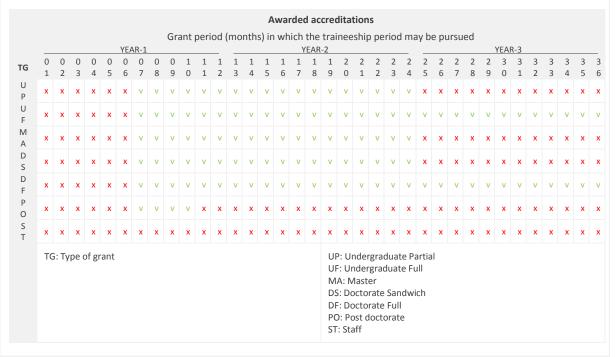

- All insurance policies shall be contracted and purchased on a centralized fashion with one single insurance company.
- Grantees shall be contacted by email, either by the insurance company or by the coordinating institution (on behalf of the insurance company) regarding their insurance coverage (including terms and conditions) and personalized insurance ID cards (Grant Holder's Insurance Policy [GHIP]). Insurance ID cards may be sent electronically (by email) to all grantees. Grantees are advised to carefully revise all the information concerning their insurance coverage and ID cards.
- ✓ Grantees are advised to always carry with them a print-out of their insurance ID cards. The insurance ID card contains the insurer's contact information, which may be required in the event of medical assistance or in any other circumstance for which the insurance policy is intended.
- ✓ All grantees shall be covered for the entire duration of their respective grants. The coverage period shall begin on "date-1" and shall end on "date-2" ("date-1": date of arrival at the host institution; "date-2": date of departure from the host institution). The coverage period shall be on "full month" units (eg. 1 month, 3 months, 12 months, 30 months, etc.).
- ✓ Grantees shall be clearly informed on whether or not the days spent at the host country between the date of the flight and "date-1" (arrival) and between "date-2" and the date of the flight (return) are covered. This may be the case for grantees who wish to arrive at the host country prior to "date-1" and/or depart after "date-2" (e.g. for travelling, etc.). All grantees shall return to their countries of origin before the expiration of their visa. Grantees are advised to observe the applicable immigration policy at all times.
- ✓ IMPORTANT Grantees are advised to carefully revise all the information concerning their insurance coverage and ID cards. If necessary/wished so, grantees may subscribe an additional insurance policy (e.g. for travelling purposes) either with the programme insurer or any other insurance company of their choice. The expenses derived from any additional insurance service/contract shall be covered by the grantee himself/herself (i.e. not covered by the programme).

Placement Period (Internship)

- Student mobility may include a placement period (max. 3 months) in the same country of the hosting HEIs partners, provided that it is preceded by a minimum period of study abroad of 6 months (at the host HEI) and that it is recognised as an integral part of the students' programme.
- ✓ The placement should be agreed by all partners concerned (coordinating HEI, home HEI, host HEI and hosting institution company, etc.-) and a close monitoring of the students should be ensured.
- ✓ Internships are optional. Candidates may opt (or not) for an internship period.
- At application stage, candidates shall be offered (in the application form) the chance for selecting up to 3 organizations (companies, research institutes, NGO's, etc.) located in the host country, preferably - but not mandatory - in the same city as the host HEI in which they may be interested in spending an internship period.
- ✓ The programme counts on an extensive database of organizations offering traineeships in all of the participating countries.
- ✓ Upon finalization of the assessment process, and publication of the Assessment Final List [AFL], the programme shall contact the organizations selected by the candidates and facilitate them the selected candidates' application information.
- ✓ The grant award does not imply necessarily the award of the traineeship period. It is up to each organization (company, research institute, NGO, etc.) the final decision on the acceptance of the each candidate.
- ✓ When possible, organizations shall be assigned in order of preference (from higher to lower).

- Should it be the case that the selected candidate (grant awarded) is not selected by any of the 3 organizations of his/her choice, then an alternative organization may be suggested by the partnership (based on availability).
- There is no obligation for the partnership of finding a hosting organization where the selected candidate may pursue a traineeship period, since the traineeship period is an <u>optional</u> complement to the grant.
- Regardless of whether or not the selected candidate is finally awarded an internship period, this should be clearly stated in the Grant Holder's Acceptance Letter [GHAL] and on the Grant Holder's Agreement [GHA].
- Before signing both documents (GHAL and GHA), the grant holder shall be certain on whether or not an internship period shall be part of his/her grant period and detailed information on the traineeship period (hosting organization contact information, etc.) if any.
- The Grant Holder's Internship Contract [GHICO] shall be signed by all the involved parties together with the GHAL and GHA.
- Grantees are advised to carefully revise all the terms and conditions included in the GHICO.
- The "salary" (wage) shall be paid out of the grant "subsistence allowance" (i.e. the grantee shall keep on receiving the monthly grant payments as during the study period). The wage shall be paid on the very same conditions as during the study period (i.e. regular payments shall be made by the coordinating HEI by means of bank transfers to the grantee's bank account at the designated bank). Under no circumstance shall hosting HEIs (companies, research institutes, NGO, etc.) receive funds from the programme for the purpose of paying grantees' wages or for any other purpose.
- The hosting organization may (not mandatorily) complement the "wage". The hosting organization shall be responsible for covering all additional costs according to national regulations (e.g. social security, additional mandatory benefits, etc.).
- Upon finalization of the traineeship period, the Grant Holder's Internship Certificate [GHICE] shall be issued jointly by the home HEI, the host HEI and the hosting organization. The GHICE shall contain a detailed description on all the activities carried out during the traineeship period. The GHICE shall be signed by all parties involved.
- ✓ The GHICE shall be included (appended) to the grantee's academic records.
- Upon finalization of the grant period, the home HEI shall recognize (as agreed) all the activities included in the GHICE.
- The following table summarizes the grant months in which the traineeship period (if any) may be pursued. The information may be taken as illustrative. The actual traineeship period shall be in line with the actual duration of the grant period.
- When possible, and unless duly justified and agreed by all parties involved, the traineeship period shall take place at the end of the grant period (i.e. during the last month, last 2 months or last 3 months of the grant period, according to the actual duration of the traineeship period or during specific period(s) when the grantee has no academic obligation(s) at the host HEI.
- ✓ Under no circumstance shall the traineeship period overlap with time period(s) when the grantee has academic obligation(s) to attend at the host HEI (e.g. courses, examination period, etc.)

Staff Grants

- The mobility of staff should contribute to strengthen international co-operation capacity of higher education institutions in third-countries.
- ✓ It should aim to consolidate and extend links between departments and faculties and to prepare for future cooperation projects between the universities. Staff mobility is also expected to improve the application of ECTS or other systems for recognition of studies in the partner institution.

Brain drain

One of the key objectives of EM is ensuring that the programme benefits not only at the individual level (grantees) but also at

the institutional (partner HEIs) level.

- Upon finalization of their grant periods, grantees shall return to their home HEIs (at their home countries) as agreed, so that the skills, knowledge, abilities and capacities acquired/developed at the host HEI benefits not only grantees themselves but also their home HEIs, communities, cities and countries.
- The coordinating HEI may consult the travel agency as to be certain that the grantee actually took the booked returned flight.
- The coordinating HEI may consult partner (home) HEIs on the return of their grantees.
- Should a grantee fail at returning to his/her home HEI upon finalization of his/her grant period, the coordinating HEI shall initiate an investigation. Should it be demonstrated that the grantee (deliberately or not) failed at meeting this contractual commitment, the coordinating HEI may require the grantee the reimbursement of the grant amount received (either partially or in full). The coordinating HEI shall report the facts to the EACEA.
- All the parties involved in the programme (coordinating HEI, partner HEIs, academic coordinators, administrative coordinators, tutors/supervisors, travel agency, embassies, consulates, etc) shall articulate all means necessary so as to ensure that brain drain is prevented at all times, and shall report to the coordinating HEI should they detect any case to the contrary.
- The following table summarizes the brain drain mechanisms articulated in the context of the programme.

Grant Incompatibilities

Neither European nor third-country students can benefit from a second scholarship for the same type of mobility under another EMA2 (S1/S2) project (see Erasmus Mundus Programme Guide [EM-PG] for further information). Furthermore, candidates cannot benefit from more than one mobility flow within the same project. The following table summarizes the possible combinations of different grants that applicants may apply to and be granted. In case that an applicant was previously awarded more than one EMA2 (S1/S2) grant (prior to the application stage), the restrictions as for what types of grants may be applied to shall be cumulative (combination of all the applicable restrictions).

Mobility flows for students and staff between the European or between third-country institutions involved in the partnership are not eligible.

Specific conditions in Third-Countries

European universities are advised to be fully aware of the specific conditions in each of the Third-Countries concerned before

deciding to send students or staff and to follow the advice of their Ministries of Foreign Affairs.

Immigration

- The programme shall offer grantees complete assistance regarding immigration regulation at each of the hosting countries, including but not limited to the procedures and necessary documents for obtaining a visa, as well as post-arrival procedures (residence permit, residence card, etc.).
- All parties involved (coordinating HEI, partner HEIs, Ministries of Foreign Affairs, embassies, consulate and grantees) should work co-ordinately so as to facilitate and accelerate immigration procedures.
- Grantees are reminded that immigration procedures and requirements may be different for each host country.
- ✓ Grantees are advised to carefully check all the relevant (up-to-date) information available on the corresponding embassy/consulate website.
- ✓ Grantees are advised to promptly make arrangements with the corresponding embassy/consulate regarding visa procedures.
- In the case of short-duration grants (e.g. 1-3 months), it may be the case that no visa is necessary. Grantees are advised to check the corresponding embassy/consulate website on this regard.
- Visa procedures shall be initiated on the side of grantees, as soon as possible, upon signature of the GHAL and GHA.
- ✓ All grantees shall hold a valid visa for the host country before confirming (accepting) the flights.
- ✓ In order to accelerate the booking process, grantees may contact the travel agency at any time. However, grantees are advised not to confirm (accept) the flight(s) until the actually hold the corresponding visa. It is to be noted that, once the flight(s) is (are) confirmed, no modification(s) shall be made (see section "Travel Agency" for further information).
- ✓ Should it be the case that the grantee confirms (accepts) the flight(s) before holding the visa, and that for any reason the grantee does not hold the visa on time for the flight, thus being incapable for taking it, <u>the expenses derived from any modification(s) to the initial flight(s) shall be covered by the grantee</u> himself/herself (under no circumstances shall this type of expenses be covered by the programme).
- ✓ Grantees travelling with accompanying members (relatives, etc.) are advised to observe all immigration requirements for all accompanying members.
- All grantees shall send a scanned copy (PDF, colour, 200dpi) by email of both (updated) <u>passport</u> + <u>visa</u> (2 PDF separate files) to the coordinating HEI as soon as they are granted the visa.
- Unless otherwise stipulated, upon arrival at the host county, grantees shall make arrangements for applying for a residence permit (residence card). This is usually done either at an immigration office or at a police station.
- Grantees shall send a scanned copy (PDF, colour, 200dpi) by email of the <u>residence permit (residence card)</u> to the coordinating HEI as soon as they are granted the residence permit (residence card).
- In the case of long-duration grants (+12 months), grantees may be required to renew their residence permit (residence card) regularly (e.g. on a yearly basis). There may be differences between hosting countries as for the duration of the residence permit (residence card).
- ✓ Grantees shall send a scanned copy (PDF, colour, 200dpi) by email of each (renewed) residence permit (residence card) to the coordinating HEI as soon as they are granted the (renewed) residence permit (residence card).
- ✓ Under no circumstance shall grantees stay at the host country with an expired visa and/or residence permit (residence card).
- ✓ Grantees are sole responsible for all the immigration affairs concerning them.
- ✓ Grantees are advised to observe the applicable immigration policy at all times.
- All grantees shall return to their countries of origin before the expiration of their visa and/or residence permit (residence card), depending on the specific case (type and duration of the grant).

The mobility assignments must be based on partnership agreements between the members of the partnership.

The home and host universities and the individual staff must agree on the programme of lectures to be delivered by the visiting staff, on the research activities or on the type of training to be followed.

TC.04. Individual Mobility

There are three target groups for individual mobility flows and five different types of individual mobility for students and staff.

Target Group	Target beneficiaries	Types of mobility	Countries of individuals participating in mobility
TG1	Nationals of the third-countries concerned by the geographical lot who are registered in one of the third-country HEIs that is a member of the partnership. Nationals of European countries who are registered in one of the European HEIs that is member of the partnership.	undergraduate master doctorate post-doctorate staff	Third-countries of the lot concerned and European countries
TG2	 Nationals of the third-countries concerned by the geographical lot, who: are registered/work in a higher education institution of these countries that is not included in the partnership (students and staff); have obtained a university degree or equivalent by an institution of these countries (students only). This includes the possibility of providing mobility opportunities to third-country nationals working in public administration, public and private enterprises and non-profit organisations. Nationals of European countries who: are either registered/work in a HEI (not included in the partnership) of any European country (students and staff); have obtained a university degree or equivalent by a HEI of any European country (students only). 	master doctorate post-doctorate staff	Third-countries of the lot concerned and European countries
TG3	 Nationals of the third-countries concerned by the geographical lot who are in particularly vulnerable situations, for social and political reasons. For example: having a refugee status or asylum beneficiaries (international or according to the national legislation of one of the European recipient countries) or it can be proved that they have been the object of unjustified expulsion from university on racial, ethnic, religious, political, gender or sexual inclination or they belong to an indigenous population targeted by a specific national policy or IDPs (Internally Displaced Persons) 	undergraduate master doctorate post-doctorate	Only third-countries of the lot concerned

The following table summarizes the minimum and maximum durations for each type of grant. The actual duration of each individual grant shall be specified both in the GHAL and GHA.

Type of individual mobility	TC European countries	61 Third-country partners	TG2 European + Third-country partners	TG3 Third-country partners

TC.05. Eligibility Criteria (specific)

The grant holder declares that he/she meets the following specific requirements:

- ✓ Is a national of any of the participating countries (see sections "Eligibility Criteria (general)" and "Individual Mobility" for detailed information).
- ✓ Has academic/professional links to any of the thematic fields covered by this programme (see section "Project Information").
- Is committed to return to the home HEI upon finalisation of the grant period in order to continue with the academic/professional activities in which the grantee was involved before the beginning of the grant period, so that the skills, knowledge and abilities acquired/developed during the grant period benefit the home HEI and the home country in general, which is one of the key objectives of the EM programme (brain drain avoidance).

Type of grant	Commitment
Undergraduate-Full (degree-seeking)	The grantee commits to return to the home country upon finalisation of the grant period.
Undergraduate-Partial	The grantee commits to return to the home HEI upon finalisation of the grant period so that all the courses/activities carried out at the host HEI are recognized and integrated into his/her academic records. The grantee commits to finish (complete) the B.Sc. degree for which the EM grant was awarded.
Master	The grantee commits to return to the home country upon finalisation of the grant period.
Doctorate-Full	The grantee commits to return to the home country upon finalisation of the grant period.
Doctorate-Sandwich	The grantee commits to return to the home HEI upon finalisation of the grant period so that all the courses/activities carried out at the host HEI are recognized and integrated into his/her academic records. The grantee commits to finish (complete) the Ph.D. degree for which the EM grant was awarded.
Post doctorate	The grantee commits to return to the home HEI upon finalisation of the grant period so that all the research activities carried out at the host HEI are integrated into the research project for which the EM grant was awarded.
Staff	The grantee commits to return to the home HEI upon finalisation of the grant period so that all the administrative/academic activities carried out at the host HEI may be beneficial at such.

- ✓ Has never before been awarded an Erasmus Mundus EMA2 (S1/S2) grant for the same type of mobility (Undergraduate, Master, Doctorate, Post doctorate, Staff).
- Has not (and shall not) apply to any other grant (scholarships, traineeship, fellowship, assistantship, etc.) awarded through any other European Union programme in a way that this additional grant overlaps in time with the grant subject of this contract.
 Shall not use this EM grant to cover up any cost/expense that shall be covered by any other subsidized source.

Meeting all the academic requirements as to enrol in the doctoral courses of choice at the host HEI (each partner country, partner HEI, department at the partner HEI and specific course may have specific requirements). Linkage to a Doctorate Programme at the home HEI. Doctoral Thesis' research activity initiated.
Post doctorate	GHLA approved by both the home and host HEIs. Academic impact shall be positively assessed. Linkage to a research group, educational project, etc.
Staff	GHLA approved by both the home and host HEIs. Institutional impact shall be positively assessed.

TC.06. Data Protection Policy

When collecting and using grantees' information (personal, contact, academic, financial, medical, photo, etc.), all partner HEIs shall observe the following "data protection commitment" and "data protection principles". The coordinating HEI may articulate any necessary means as to ensure that this data protection policy is locally enforced by all partners. When signing this document, the grantee is granting permission to the partnership to use his/her personal information in the context of the programme and with the sole purpose of ensuring the correct and smooth implementation of the programme. This includes both the internal (within the partnership) and external (use within third parties) use of such information. Internal use includes: database processing, sending of emails, phone calls (in case of urgent affairs or emergency), phone calls to the "emergency contact person" (in case of urgent affairs or emergency), inclusion of basic personal information as well as academic/professional information in programme reports, statistical analysis, research studies, presentations, posters, flyers, etc. which purpose is the promotion, control, monitoring, dissemination of results, etc. of the programme.

No personal information shall be facilitated by partner HEIs to any third party other than those strictly necessary (e.g. embassy, consulate, travel agency, insurance company, etc.) for the correct and smooth implementation of the programme. In case of doubt, partner HEIs are advised to always consult with the coordinating HEI regarding the use of grantees' personal information.

Under no circumstances shall grantee's personal data be used for any purpose other than those strictly necessary for the correct implementation of the programme. Permission should be granted by grantees before personal information may be

use for any other purpose. Each partner HEI is the ultimate responsible for the local use of grantees' personal information. Should it be detected that a partner HEI is failing at observing this data protection policy, the coordinating HEI shall contact such partner HEI in order to clarify the matter. Should it be demonstrated that the partner HEI misused grantee's personal data (deliberately and/or negligently), the facts shall be reported to the EACEA for further analysis. Following EACEA's recommendations, a decision shall be made by the coordinating HEI as to how the facts affect the participation of such partner HEI in the programme.
Data protection commitment
 Ensuring that the partnership complies with the eight data protection principles, as listed below. Meeting all legal obligations, as laid down by the Directive 95/46/EC (*). Ensuring that data is collected and used fairly and lawfully. Processing personal data only in order to meet operational needs or fulfil legal requirements. Taking steps to ensure that personal data is up to date and accurate. Establishing appropriate retention periods for personal data. Ensuring that data subjects' rights can be appropriately exercised. Providing adequate security measures to protect personal data. Ensuring that a nominated officer is responsible for data protection compliance and provides a point of contact for all data protection issues. Ensuring that all staff is made aware of good practice in data protection. Providing adequate training for all staff responsible for personal data. Ensuring that everyone handling personal data knows where to find further guidance. Ensuring that queries about data protection, internal and external to the organisation, is dealt with effectively and promptly.
✓ Regularly reviewing data protection procedures and guidelines within the organisation.
Data protection principles
✓ Personal data shall be processed fairly and lawfully.
 Personal data shall be obtained for one or more specified and lawful purposes, and shall not be further processed in any manner incompatible with that purpose or those purposes.
 Personal data shall be adequate, relevant and not excessive in relation to the purpose or purposes for which they are processed.
 Personal data shall be accurate and, where necessary, kept up to date. Personal data processed for any purpose or purposes shall not be kept for longer than is necessary for that purpose or those purposes.
✓ Personal data shall be processed in accordance with the rights of data subjects under the Directive 95/46/EC (*).
 Appropriate technical and organisational measures shall be taken against unauthorised and unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data.
 Personal data shall not be transferred to a country or territory outside the European Economic Area unless that country or territory ensures an adequate level of protection for the rights and freedoms of data subjects in relation to the processing of personal data.
Additional information
✓ http://ec.europa.eu/justice/data-protection/index_en.htm
✓ * Directive 95/46/ECof the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data.

TC.07. Final notes on the applicability of this contract

In case of conflict, all of the clauses included in this contract are overwritten by those established in the Grant Agreement, the Partnership Agreement, and the Candidate's Guide.

Failure to comply with the conditions and agreements laid down in this contract can be a reason for the coordinating institution to dissolve the contract and claim back the total grant.
