COURSE DESCRIPTION

The International Mentoring Foundation for the Advancement of Higher Education (IMFAHE) works together with its European Innovation Network of partnered universities to provide its professors with online opportunities to continue developing a career of excellence. This program is designed to master key skills that will help university professors to keep up with the latest trends in teaching and research and to adapt to a new, more global, online and open scenario while simultaneously broadening their professional network.

GRADING POLICY & REQUIREMENTS

Professors affiliated with the IMFAHE's partner universities can apply for the completion certificate after meeting the following requirements.

PROGRAM OBJECTIVES

- 1 NETWORKING**
Establish new valuable global and multidisciplinary connections & foster future collaborations
- 2 COMMUNICATION SKILLS**
Master your communication skills to make your classes more engaging in offline and online scenarios
- 3 FUNDING OPPORTUNITIES**
Learn about funding opportunities and how to attract funding for your research through global collaborations
- 4 OPEN SCIENCE**
Make your research more open, global, collaborative, creative and closer to society.
Learn about the European strategy for Open Science

*The descriptions and timelines contained in this syllabus are subject to change at the discretion of the course directors

Kickoff & Networking Event

via Zoom: Link To Be Announced

Dec 1st 2021
6:30pm
Madrid Time

Each professor is expected to attend Event. During the session the professors will learn all the details about the the iPDP Program and as well as the other initiatives that can participate for being members of IMFAHE's Platform of Talent 2021-22.

Peer-Mentoring Cafés

IMFAHE will facilitate the interaction with other members of the platform with the objective to catalyze new valuable professional connections & collaborations (the details of this activity will be explained in the kickoff event)

RECORDED WORKSHOPS

Find the links to the recorded masterclasses in the table below.

Each professor is expected to watch each session and answer the questions of the corresponding visualization survey
